## THE SOUTH AFREAKINS

**Helene will learn to cook. Gordon will learn to Skype.  
Moving country will be more difficult than they think.**

Helene and Gordon are stuck. Stuck in their arm  
chairs, stuck on their farm and stuck in their rut.  
Helene is determined to leave everything behind  
and start again in the quiet sheep filled hills of  
New Zealand. Gordon's dream is to stay right  
where he is.

Edinburgh Fringe's sell out success hit  
**THE SOUTH AFREAKINS** is a dark comedic  
solo show about the lengths we go to in  
order to find our identity, the limits of what  
we would give up for the one we love most  
and the investments we are forced to make  
to find out where home actually is.

## MUCH FURTHER OUT THAN YOU THOUGHT

Lance Corporal James Randall left tours of duty in Helmand six years ago, but Helmand is still far from leaving him.

On Remembrance Sunday he delivers a birthday message to his son from his living room in south London; a last-ditch attempt to reconcile their broken relationship. Surrounded by action figures and boyhood memorabilia, James unfolds a fragmented story of fathers and sons, heroes and failures, in which the worlds of civilian Britain and frontline Afghanistan catastrophically collide.

MUCH FURTHER OUT THAN YOU THOUGHT shines a light on the human cost of war.

THE TOMMY COOPER SHOW

Tommy Cooper was a true comic genius. His impeccable timing, misfiring magic, trademark fez and quick-fire gags made him an international star.

**JUST LIKE THAT!** embarks on a nationwide tour after **sell-out** success at the West End's **Museum of Comedy**. The critically acclaimed tribute show features John Hewer (Tony Hancock, Hancock's Half Hour - The 'Lost' Episodes) giving "**a perfect illusion of time travel**" and delivering "**nuances both obvious and subtle**"

as **the man in the fez**. Complete with **live musical** accompaniment and **full of magic and mirth**, this is the **perfect celebration** of **Britain's favourite** comedian.

'GOOD AF-TER-NOON TO YOU'

EVERYONE TALKS ABOUT THE WEATHER BUT NO ONE DOES A DAMN THING ABOUT IT. ONE MAN DID.

On the 15th of October 1987, the absent-father of all storms vented apocalyptic fury upon the south east corner of the Kingdom of United.

In a televised address to the nation, celebrity meteorologist and national treasure, **Michael Phish**, foresaw a different forecast. Discover how and ask yourself why?!

Experience first-hand the Machiavellian derring-du of 1980's corporate skulduggery as they attempt to silence the World's greatest weather-forecaster.

IS THE BBC FIT FOR PURPOSE? WHERE HAVE ALL THE FLOWERS GONE? YOU DECIDE!

THEATRESTATE presents  
TRIBUTE ACTS

Imagine asking  
your dad everything...

Everyone wants their dad  
to be a hero. Cheryl and  
Tess used to think that  
their Dads were like Tony  
Blair, Bill Clinton and Pierce  
Brosnan. But now they're not  
so sure... So they interviewed  
each other's Dads. And filmed it.  
Darkly surreal and brutally hilarious.
